

APPENDIX G

SEWERS

Ord./Res.	Date	Description
2/1/1932		Authorizing the construction of a sewer in the Borough of Gettysburg from the man-hole at the intersection of East Lincoln Avenue and North Stratton Street, thence eastward to Fourth Street and thence southwardly in and along Fourth Street to connect with the main sewer immediately south of Stevens Run at a cost not to exceed \$1,400, the work to be done by the proper officials and employees under the supervision of the Sewer Committee.
9/18/1950		Approving the proposed action of Gettysburg Municipal Authority to acquire the sewer system now owned by the Borough of Gettysburg; authorizing the execution and delivery of a proper deed or deeds and bill of sale therefor; providing for the execution of all papers and instruments necessary and proper for such purposes; and providing for the repeal of existing ordinances inconsistent herewith.
4/2/1951		Authorizing and directing the conveyance of the real, personal and mixed property and rights in property of the Borough of Gettysburg comprising the Gettysburg sewage system and materials and facilities useful in connection with the construction, repairs and operation thereof. This conveyed the sewer system to the Gettysburg Municipal Authority.
989-81	10/12/1981	Authorizing Gettysburg Municipal Authority to impose a reserve capacity charge upon the users of the sewage works and treatment plant of the Gettysburg Municipal Authority in a segment of Straban Township; providing the basis for the reserve capacity charge; providing conditional authorization for the authority to provide sewer service in such segment of Straban Township.
1020-84	9/13/1984	Approving a capital project undertaken by Gettysburg Municipal Authority consisting of the construction of a new sewage treatment plant and the extension and improvement of the Authority's sewer system.
